Professional Summary

An ambitious second-year IT engineering student with a strong foundation in both technical and analytical skills. Proficient in Java, C, and web development, I also excel in mathematics and other calculative subjects, which enhances my problem-solving capabilities. With hands-on experience in data structures and algorithms, I bring a blend of creativity and logic to every project. Driven by a passion for continuous learning and innovation, I thrive in collaborative environments and am eager to contribute fresh perspectives, aiming for impactful industry experience.

Skills

- Programming Languages: C++, JavaScript, HTML, CSS
- Software Development: Data Structures and Algorithms, OOP Basics
- Problem Solving: Strong understanding of algorithms and logic
- Development Tools: Visual Studio Code, Git, GitHub

Education

- Smt. Kashibai Navale College of Engineering 2023 -- 2027

Personal Skills

- Analytical Thinking
- Adaptability
- Resilience
- Collaboration

Languages

- English - Intermediate Proficiency
- Hindi - Intermediate Proficiency
- Marathi - Professional Proficiency

Certificates

- Winner of the Internal Smart India Hackathon 2024 at Smt. Kashibai Navale College of Engineering, Pune, recognized for innovative problem-solving and technical excellence.

Extracurricular Activities

- Led a group project in Object Oriented Programming, coordinating tasks and mentoring peers, resulting in a high-quality final submission.
- Participated in Smart India Hackathon (SIH), collaborating with a team to develop innovative solutions for real-world problems. Focused on problem-solving, coding, and delivering impactful projects within tight deadlines.
